

The OU-ISIR Biometric Score Database Release Agreement

Introduction

The OU-ISIR Biometric Score Database is meant to aid research efforts in the general area of developing, testing and evaluating algorithms for biometric score-level fusion. The Institute of Scientific and Industrial Research (ISIR), Osaka University (OU) has copyright in the collection of scores and associated data and serves as a distributor of the OU-ISIR Biometric Score Database.

Release of the Database

To advance the state-of-the-art in score-level fusion, this database could be downloaded as a zip file with password protection and the password will be issued on a case-by-case basis. To receive the password, the requestor must sign this document and send it to the database administrator by mail, e-mail, or FAX. In addition to other possible remedies, failure to observe these restrictions may result in access being denied for the database.

Consent

The researcher(s) agrees to the following restrictions on the OU-ISIR Biometric Score Database:

1. **Redistribution:** Without prior written approval from the database administrator, the OU-ISIR Biometric Score Database, in whole or in part, will not be further distributed, published, copied, or disseminated in any way or form whatsoever, whether for profit or not. This includes further distributing, copying or disseminating to a different facility or organizational unit in the requesting university, organization, or company.
2. **Modification and Commercial Use:** The OU-ISIR Biometric Score Database, in whole or in part, may not be modified or used for commercial purposes.
3. **Requests for the OU-ISIR Biometric Score Database:** All requests for the OU-ISIR Biometric Score Database will be forwarded to the database administrator.
4. **Citation/Reference:** All documents and papers that report on research that uses the OU-ISIR Biometric Score Database will acknowledge the use of the database by including an appropriate citation to the following

Set 1, 2, and 4:

H. Iwama, M. Okumura, Y. Makihara, and Y. Yagi, "The OU-ISIR Gait Database Comprising the Large Population Dataset and Performance Evaluation of Gait Recognition," IEEE Trans. on Information Forensics and Security, Vol. 7, No. 5, pp. 1511-1521, Oct., 2012.

Set 3:

5. **Publications to Osaka University:** A copy of all reports and papers that are for public or general release that use the database should be forwarded immediately upon release or publication to the database administrator.
6. **Indemnification:** Researcher agrees to indemnify, defend, and hold harmless the Institute of Scientific and Industrial Research, Osaka University and its Board of Trustees, officers, employees and agents, individually and collectively, from any and all losses, expenses, damages, demands and/or claims based upon any such injury or damage (real or alleged) and shall pay all damages, claims, judgments or expenses resulting from researcher's use of the database.
